

**UNIVERSITY OF CALIFORNIA, BERKELEY
RICHMOND FIELD STATION
MONTHLY SUMMARY REPORT**

AUGUST 15, 2009

This monthly summary report (MSR) summarizes environmental site investigation and remediation activities conducted on behalf of The Regents of the University of California (UC) at the University of California, Berkeley's Richmond Field Station in accordance with Section 6.3 of the California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) Site Investigation and Remediation Order (Order), Docket No. I/SE-RAO 06/07-004, effective on September 20, 2006.

a. Specific actions taken by or on behalf of Respondents during the previous calendar month (July 2009).

- Implementation of invasive plant control continued as required by the *Invasive/Exotic Vegetation Management Program*.
- On July 2, 2009, UC Berkeley representatives met with DTSC to discuss DTSC's April 15, 2009 comments on the draft Field Sampling Workplan (FSW) required by Order Section 5.3.1 and submitted to DTSC on February 27, 2009.
- Feral animal trapping will be completed as required by the *Feral Animal Management Program*.

b. Actions expected to be undertaken during the current calendar month (August 2009).

- Implementation of invasive plant control will continue as required by the *Invasive/Exotic Vegetation Management Program*.
- It is anticipated that the *Year 4 Monitoring Report for the Western Stege Marsh Restoration Project* required by Order Section 5.16 will be submitted to DTSC.

c. All planned activities for the next month (September 2009).

- UC Berkeley will submit a final FSW to DTSC approximately 30 days following DTSC's concurrence with UC's response to DTSC's comments on the draft FSW.
- The draft Field Sampling Plan Addendum 1 to the FSW for Phase 1 of site investigations will be submitted to DTSC approximately 40 days following DTSC's concurrence with UC's response to DTSC's comments on the draft FSW.
- Feral animal trapping will be completed as required by the *Feral Animal Management Program*.

- Implementation of invasive plant control will continue as required by the *Invasive/Exotic Vegetation Management Program*.
- d. Any requirements under the Order that were not completed.
- None.
- e. Any problems or anticipated problems in complying with this Order.
- Completion of the Field Sampling Workplan and other tasks is dependent on the ability to meet with DTSC staff on a timely basis and may require adjusting schedules and extensions of deadlines.
