

**UNIVERSITY OF CALIFORNIA, BERKELEY
RICHMOND FIELD STATION
MONTHLY SUMMARY REPORT**

AUGUST 16, 2010

This monthly summary report (MSR) summarizes environmental site investigation and remediation activities conducted on behalf of The Regents of the University of California (UC) at the University of California, Berkeley's Richmond Field Station in accordance with Section 6.3 of the California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) Site Investigation and Remediation Order (Order), Docket No. I/SE-RAO 06/07-004, effective on September 20, 2006.

a. Specific actions taken by or on behalf of Respondents during the previous calendar month (July 2010).

- Implementation of invasive plant control continued as required by the *Invasive/Exotic Vegetation Management Program*.
- Implementation of the Phase 1 Groundwater Sampling Field Sampling Workplan began during the week of July 19 and continued through the month with installation of piezometers.

b. Actions expected to be undertaken during the current calendar month (August 2010).

- Implementation of the Phase 1 Groundwater Sampling Field Sampling Workplan will continue. Groundwater samples will begin to be collected in mid to late August.
- It is anticipated that UC Berkeley will submit the Year 5 Marsh Monitoring Report in August.
- It is anticipated that UC Berkeley will submit a Certification of Compliance for USACE Nationwide Permit File Number 28135S in August.

c. All planned activities for the next month (September 2010).

- Implementation of the Phase 1 Groundwater Sampling Field Sampling Workplan will continue. Piezometer installation will be completed early in the month followed by closure of several existing research groundwater wells monitoring wells no longer needed.

- d. Any requirements under the Order that were not completed.
- e. Any problems or anticipated problems in complying with this Order.
 - Completion of implementation of the Field Sampling Workplan and other tasks is dependent on the ability to meet with DTSC staff on a timely basis and may require adjusting schedules and extensions of deadlines.
