**ATTENTION:** Mr. Karl Hans

**SUBJECT:** Amendment No. Three to BCDC Permit No. M2001.052.03B

Dear Mr. Hans:

Enclosed please find an original of BCDC Permit No. M2001.052.03B, stamped "BCDC Original," and one copy, stamped "Permittee's Copy," both executed by the Executive Director, incorporating the amendment requested in your letter dated September 22, 2014. This amended permit for the after-the-fact authorization of a dock replacement has already been issued as a matter of law. In the amended permit, deleted language has been ~~struck through~~ and added language has been underlined.

I am issuing this amendment, which is included in the attached amended permit, on behalf of the Commission and upon the following findings and declarations:

1. This amendment to the permit is issued pursuant to Regulation Section 10810 upon the same criteria provided for the issuance of administrative permits in that the project authorized by this amendment, the installation of groundwater monitoring piezometers, is a "minor repair or improvement" for which the Executive Director may issue a permit, pursuant to Government Code Section 66632(f) and Regulation Section 10622(a).
2. The amendment to the permit is consistent with the San Francisco Bay Plan and the McAteer-Petris Act because the proposed project will not adversely affect the Bay nor public access to and enjoyment of the Bay consistent with the project.

You must (1) **complete** the acknowledgment section of the amended permit stamped "BCDC Original," which indicates that you have read and that you understand all of the terms and conditions of the amended permit, and (2) **return** that entire executed "BCDC Original" to the Commission's office within the ten-day time period. The copy stamped "Permittee's Copy" should be retained by you for your records. The enclosed Notice of Completion and Declaration of Compliance form must also be returned to the Commission. Finally, your permit contains special conditions which require you to take certain specific actions.
