**Subject: University of California, Berkeley, Richmond Field Station Site  
Final 2018 Groundwater Sampling Results Technical Memorandum  
Site Investigation and Remediation Order I/SE-RAO 07/07-004, Section 5.16**

Dear Ms. Nakashima:

Please find enclosed the Final 2018 Groundwater Sampling Results Technical Memorandum, dated March 29, 2019. Tetra Tech, Inc. was contracted to conduct groundwater sampling activities at the Richmond Field Station Site as a follow up to the Field Sampling Workplan Phase I groundwater sampling events (November 2010 through April 2012) and pursuant to the Final Removal Action Workplan, Research, Education, and Support Area and Groundwater within the Former Richmond Field Station Site, dated July 18, 2014.

This technical memorandum presents a summary of the data collected during the water level sampling events in October 2017 and April 2018, and groundwater sampling event conducted in April 2018. A hard copy has been delivered to the City of Richmond Public Library and the document is also available for public review at Building 478, Berkeley Global Campus.

If you have any questions or need further information regarding this submittal, please call me at ([ghaet@berkeley.edu](mailto:ghaet@berkeley.edu), 510-642-4848).

Sincerely,

A handwritten signature in blue ink, appearing to read "Greg Haet", is written over a horizontal line.

Greg Haet, P.E.  
EH&S Associate Director  
Environmental Protection
