

**Berkeley Global Campus at Richmond Bay
Soil Management Plan
Project Approval Checklist
University of California**

SMP FORM A: PROJECT OVERVIEW

1. Tracking No, Revision No. and Date:	2022-11-B118-Fire-Wall		
2. Project Name:	Building 118 Fire Wall		
3. Description:	Installation of fire wall around liquid oxygen tank		
4. Points of Contact:	Name: Alicia Bihler	Position: Environmental Programs Manager, EH&S	
	Email: abihler@berkeley.edu	Phone: (510) 725-2528	
5. Estimated Schedule:	Dec 2022 – Jan 2023		
6. DTSC Work Notice Requirements	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	If Yes, notify DTSC 14 days prior to activity
7. Impacts to Piezometer Network	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Piezometer ID: If Yes, notify DTSC
8. Affected Area Overlaps with NOS?	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	If Yes, implement mitigation measures per RBC Environmental Impact Report
9. Radiological Status Have radioactive materials been used within the project area? If yes, have buildings within the project area been properly decontaminated, decommissioned, and cleared by CDPH?	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	
	Yes <input type="checkbox"/>	No <input type="checkbox"/>	If No, contact CDPH; do not investigate project area until it is cleared by CDPH
10. Total Volume of Soil Excavation Planned and New Hardscape	Calculations/Assumptions: 28 cubic yards		
11. De Minimis Status	Project exempt from SMP prescriptive requirements based on volume (< 10 CY or 500 square feet of hardscape)? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>		
12. Notes:	Sample collected will also be used to profile the soil for off-haul.		
13. SMP Form A Approval a. Alicia Bihler, Project Coordinator, EH&S Justin Cook b. John Mitchell, Facilities Management, UCB, College of Engineering c. Professional Civil Engineer or Geologist		11/18/2022
