**Subject: Final Phase V Sampling Results Technical Memorandum
Western Stege Marsh, Richmond Field Station Site
University of California, Berkeley**

Dear Ms. Nakashima:

Please find enclosed the Final Phase V Sampling Results Technical Memorandum, Western Stege Marsh, Richmond Field Station Site (two copies on paper and disc).

The scope of Phase V consists of characterization activities within the University of California property boundary of the Western Transition Area and old marsh portion of Western Stege Marsh. This document addresses the scope of work associated with the old marsh portion of Western Stege Marsh. This final version addresses comments received from DTSC as presented in Appendix A.

If you have any questions or need further information regarding this submittal, please call me at (ghaet@berkeley.edu, 510-642-4848) or Alicia Bihler (abihler@berkeley.edu, 510-725-2528).
