

**RICHMOND FIELD STATION
MONTHLY SUMMARY REPORT**

AUGUST 15, 2007

This monthly summary report (MSR) summarizes environmental restoration activities conducted on behalf of The Regents of the University of California (UC) at Richmond Field Station since July 15, 2007. This MSR is prepared in accordance with the California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) Site Investigation and Remediation Order, Docket No. I/SE-RAO 06/07-004, effective on September 20, 2006. The MSR is presented in two sections. Section 1.0, Activities Completed During Reporting Period, describes work conducted during the reporting period, and Section 2.0, Activities Anticipated for Next Reporting Period, identifies activities proposed for the next 30 days

**1.0 ACTIVITIES COMPLETED DURING REPORTING PERIOD
(SINCE JULY 15, 2007)**

- UC continued to work on the Year 2 Monitoring Report for the Western Stege Marsh Restoration Project. Specific activities included a quality assurance check regarding the elevations reported within the internal draft report. UC conducted additional land elevations surveys during the reporting period to confirm control points and elevations noted during the Year 1 and Year 2 surveys. The updated survey information was compiled into a revised analysis of the Year 2 data to be included in the Year 2 Monitoring Report.
- UC submitted a revised Memorandum for Time Critical Removal Action at the Former Forest Products Laboratory Wood Treatment Laboratory.
- UC implemented feral animal trapping as required by the Feral Animal Management Program.

**2.0 ACTIVITIES ANTICIPATED DURING NEXT REPORTING PERIOD
(NEXT 30 DAYS)**

- UC will issue the Year 2 Monitoring Report for the Western Stege Marsh Restoration Project.
- UC is waiting for comments from DTSC on the draft Current Conditions Report submitted on April 5, 2007 and will respond to comments when they are received.
- UC will complete air monitoring and confirmation sampling plans for the Time Critical Removal Action at the Former Forest Products Laboratory Wood Treatment Laboratory and begin implementation upon approval from DTSC.
