

**RICHMOND FIELD STATION  
MONTHLY SUMMARY REPORT**

**DECEMBER 15, 2007**

This monthly summary report (MSR) summarizes environmental restoration activities conducted on behalf of The Regents of the University of California (UC) at Richmond Field Station since November 15, 2007. This MSR is prepared in accordance with the California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) Site Investigation and Remediation Order, Docket No. I/SE-RAO 06/07-004, effective on September 20, 2006. The MSR is presented in two sections. Section 1.0, Activities Completed During Reporting Period, describes work conducted during the reporting period, and Section 2.0, Activities Anticipated for Next Reporting Period, identifies activities proposed for the next 30 days.

**1.0 ACTIVITIES COMPLETED DURING REPORTING PERIOD  
(SINCE NOVEMBER 15, 2007)**

- Time Critical Removal Action at the Former Forest Products Laboratory Wood Treatment Laboratory (TCRA). The following activities were completed:
  - UC completed off-site disposal of soil, asphalt, and concrete generated from TCRA activities to Allied Waste's Keller Canyon Class II landfill.
- UC continued to prepare a response to comments from DTSC on the draft Current Conditions Report received on October 23, 2007. UC's response to comments is due to DTSC on December 23, 2007.
- UC completed the Year 3 Marsh Monitoring land surveying.
- UC submitted the Year 2 Monitoring Report for the Western Stege Marsh Restoration Project to DTSC and other agencies.
- UC completed off-site disposal of 23 truck loads of non-hazardous soil generated from maintenance projects earlier in the year to Allied Waste's Keller Canyon Class II landfill.
- UC implemented feral animal trapping as required by the Feral Animal Management Program.

**2.0 ACTIVITIES ANTICIPATED DURING NEXT REPORTING PERIOD  
(NEXT 30 DAYS)**

- UC will issue a response to DTSC's comments on the Current Conditions Report.

- UC will issue the TCRA Implementation Report.
- UC will backfill the TCRA site with soil from the Math Sciences Research Institute stockpile as approved by DTSC.
- UC will implement feral animal trapping as required by the Feral Animal Management Program.
