

## Department of Toxic Substances Control

Matthew Rodriguez  
Secretary for  
Environmental Protection

Deborah O. Raphael, Director  
700 Heinz Avenue  
Berkeley, California 94710-2721

Edmund G. Brown Jr.  
Governor

March 20, 2012

Ms. Jenifer Beatty  
ARCADIS US, Inc.  
1410 Rocky Ridge Drive, Suite 330  
Roseville, CA 95661

Dear Ms. Beatty:

The Department of Toxic Substances Control (DTSC) received the letter response to comments for the *Field Sampling Work Plan to conduct additional groundwater investigations within and in the vicinity of the BAPB at the University of California Richmond Field Station, Richmond, California*, dated March 8, 2012. The letter was prepared by Terraphase Engineering on behalf of Zeneca Inc. and provides responses to DTSC's February 22, 2012 comment letter. The work plan describes locations and methods for collecting additional ground water samples at the portion of the biologically active permeable barrier (BAPB) that is located on the University of California, Berkeley, Richmond Field Station property. We have reviewed the responses and find that they satisfactorily addressed our concerns; therefore, the work plan is approved. Please provide us with 14 days advance notice of the start of field work so that a work notice can be prepared and distributed.

If you have any questions regarding this matter, please contact Lynn Nakashima at (510) 540-3839 or [lnakashi@dtsc.ca.gov](mailto:lnakashi@dtsc.ca.gov).

Sincerely,

Lynn Nakashima, Project Manager  
Senior Hazardous Substances Scientist  
Brownfields and Environmental  
Restoration Program  
Berkeley Office - Cleanup Operations

Mark Vest, P.G.  
Senior Engineering Geologist  
Brownfields and Environmental  
Restoration Program  
Sacramento Office - Geologic Services
