

California  
Department of  
Health Services

**SANDRA SHEWRY**  
Director

State of California—Health and Human Services Agency  
**Department of Health Services**

**ARNOLD SCHWARZENEGGER**  
Governor

**PUBLIC MEETING**

**Additional Session to Collect Workers' Health  
Concerns Regarding the Richmond Field Station  
and Zeneca sites**

**This meeting is in addition to the October 24 session at Richmond Field Station**

*Tuesday, October 25, 2005*

*4:00 p.m. to 6:00 p.m.*

*California Department of Health Services*

*Richmond Campus, Room RC C-160*

*850 Marina Bay Parkway, Richmond, CA 94804*

*From the Richmond Field Station, take I-580 towards San Rafael, take the Marina Bay Parkway Exit and turn left. For detailed directions, call (510) 620-3620.*

**Tell the gate personnel you are going to this meeting when you enter the Campus**

**We invite you to share any exposure and health-related concerns you may have about the chemicals found at the Zeneca and UC Richmond Field Station property with staff from the California Department of Health Services. By participating, you will help us understand your worries and how they fit in with what we find in our review of the chemicals in the environment.**

We will be available to meet individually with Richmond Field Station workers to discuss your concerns in a safe and confidential setting. We will summarize these concerns in a final report in a general manner, without mentioning any names or personal information.

Your participation is completely voluntary and will not affect your work status in any way.

*If you feel more comfortable speaking with us by telephone, or if you cannot attend the session and would like to share your concerns, you may contact Ms. Rubi Orozco, Public Health Educator, at (510) 620-3671. You may also email her at [rorozco1@dhs.ca.gov](mailto:rorozco1@dhs.ca.gov).*
